# President

I hope this letter finds you well. My name is Dr. Virgilio Matheus, and I am the current President of the Panamerican Medical Association. We are a dedicated nonprofit organization with nearly 200 physician's members, with a very robust variety of primary medicine and specialists, from deep community involvement to critical hospital care. Our commitment and collaboration among different specialist and subspecialist allow us to provide patients in central Florida with exceptional care. In the past years, we have been dedicated to advancing healthcare networking and education for the ever-growing Hispanic community.

We are reaching out to you to inquire about your support for our mission and we believe that your organization could make a tremendous impact through partnership with us. We are hosting multiple events through the year. Our objective is to expand medical outreach and information to the Hispanic community, provide continuing education for members, and support the new physicians in the central Florida area. Our success over the more than 40 years has been heavily tied to our sponsors.

We would be honored to have you join us as a sponsor. Your partnership would not only provide critical financial support but also help raise awareness for the important work being done to improve health information to the Hispanic community. With Hispanics being the largest contributor to population growth in Florida, the visibility of your business at our events, website, and/or social media channels will be impactful. We have outlined several sponsorship levels and associated benefits to make it easy for you to support us in a way that aligns with your organization's values and goals

A hand is shown holding a silver coin. The coin features the PAMA logo, which includes a globe with the letters 'PAMA' arched over it. Below the globe, it says 'PAN-AMERICAN MEDICAL ASSOCIATION OF CENTRAL FLORIDA'.

*Virgilio Matheus*
